THE ACADEMIC AND ADMINISTRATIVE AUDIT REPORT FOR THE YEAR 2017-18, 2018-19, 2019-20 & 2020-21

Methodology

Visit by the committee, on 16 Aug., 2021, commenced by the interaction with the principal of the college at the principal chamber. The principal of the college has welcomed the committee and gave a detailed picture of the college. Prof. S. N. Bhat, Chairman of the Committee, in his introductory remark said that the college has witnessed tremendous progress and that there is huge scope for further improvement.

The committee has paid visit to all the department, both UG and PG and central facilities and support services on 16 Aug., 2021 from Morning 11.00 am to 5.00 pm. The committee interacted with a teaching staff, the office staff and students and seen all the exhibited records and documents. The committee with inner-circle discussion recorded certain observations. Based on the interaction and observations, the committee has prepared a consolidated report.

AAA Report

THE ACADEMIC AND ADMINISTRATIVE AUDIT REPORT FOR THE YEAR 2017-18, 2018-19, 2019-20 & 2020-21

The committee, after having inner-circle discussion and interactions with different stakeholder, wishes to submit the following report.

This college was started in the year 1970 to provide exclusively commerce education to the aspirants of this region. The college, for the first time, had gone for accreditation from NAAC in the year 2004 and got “B⁺” grade. Subsequently it has gone for second and third cycle in the year 2011 & 2017 respectively and secured “B” and “B⁺⁺” level with CGPA of 2.76 and 2.77 respectively. Besides, the college has also gone for AAA exercise for the one time – i.e. 2018 and in 2021.

The college has been offering two UG programs – B.Com and B.B.A & one PG Program – M.Com. The B.Com program was started in the year 1970, B.B.A 1996 and M.Com 2001.

At present, there are 10 faculties working on permanent basis and around 25 faculties working as management paid teaching staff. Apart from this 22 non-teaching staff is also working.

This college is affiliated to Rani Channamma University Belagavi, as such the college is not enjoying any flexibility as per as curriculum is concerned. The curriculum, which is designed by the university is being implemented by the college. At the beginning of the academic year, the college draws the academic calendar keeping in mind the university calendar and puts every effort in implementing the same.

There is a feedback mechanism in place in the college and a college collates the feedback from the various students about teaching, non-teaching and other infrastructure. The feedback committee of the college collects of the feedback and the same will be submitted to the principal. Thereafter, the principal of the college discusses the issues raised by the various stakeholders with concerned staff and wherever it is necessary, it brings the matter to the notice of the management.

While interacting with the teaching staff, the committee witnessed the fact that the faculty of the college is delivering the material not only from the theoretical point of view but also from application context.

The committee has conducted the physical verification of various physical infrastructures and came to know that there are 19 classrooms out of which, 16 classrooms are equipped with LCD, 2 classrooms with star board and 1 classroom with smart board. All the faculties of the college, at the beginning of the semester are preparing teaching plans and accordingly they are conducting academic activities. The committees observed that along

AAA Report

THE ACADEMIC AND ADMINISTRATIVE AUDIT REPORT FOR THE YEAR 2017-18, 2018-19, 2019-20 & 2020-21

with teaching, students are assigned the task of conducting seminars, debates and group discussions. In addition to this there are MOU's with various institutions. There are 06 MOU's with different educational institutions for faculty and students exchange for sharing and enriching the knowledge.

In order to inculcate a sense of research among the faculty, the college has been conducting seminars, conferences, workshops on continues basis. There are 53 research papers published by faculty of which 11 research papers are published in journals notified by the UGC. Of the 35 faculties working in the college, 03 have possessed doctorate degree 06 M.Phil's and NET /KSLET 08.

After having been discussed with different stakeholders, the committee realized the fact that faculty's performance in terms of academic activities is worth mentioning but in terms of research activities, it is not so impressive. It also came to know that the faculty is not having any major or minor research project. As the college is included under section 12(B) UGC Act the faculty of the college is entitled to prepare the proposal for undertaking the major or minor research projects, the faculty would have submitted the same to the UGC for sanctioning. In a span of 4 years (2017-18 to 2020-21), the faculties have published only 11 research papers and therefore the committee suggests that the college should make it mandatory that every teacher should publish at least one research paper in a journal as notified by the UGC.

The present need of the hour is to inculcate the skill that is required to take up the assignment that future employer provide and as such, the committee feels strongly that it must enter MOU with Security Exchange Board of India, Bombay Stock Exchange, National Stock Exchange and Tally Solutions Ltd. Bangalore, etc.

In fact, committee is very happy to know that a college is having very sound infrastructure, along with 02 computer labs with 63 systems, which are well-networked and 01 language lab with Ace Digital Language Lab Software. Besides the college is having well-furnished auditorium, Meeting Hall, Hostel and Gymnasium.

The college has provided free Wi-Fi and internet connectivity which is accessible to both staff and the students.

The library facility is digitized and found user friendly. The library has sufficient number of books 37,957 with and 17 journals. The committee feels that the number of journals appears to be few in number and suggests for subscribing for journals.
